Hi Pankaj,

It looks like we'll need to be granted to access to these files before we can get them. I think Claire might not understand that you work for EPA, and not with Toeroek. Are you able to engage Nicole on this? If there's a form that needs to be filled out, please let me know, and we'd be happy to help with that (though we do not have a blank copy of the form Claire refers to).

Best,

Michael

Subject: Access Request Form for Toeroek staff - update needed

Hello Peter,

Michael, Zoe and Panjak have requested assistance from the Superfund Records Center regarding site documents related to the Abandoned Uranium Mines on the Navajo Nation (AUMNN) site (formerly Navajo Nation Uranium Mines #1 & #2) and the Bluewater Uranium Mine site (cross-referenced with AUMNN).

The Access Request form we have on file has not been updated since 2011 and does not list Zoe or Panjak as authorized users of these sites files.

Also note that the Bluewater Uranium Mine site is not listed as one of the sites Toeroek staff have access to. There are a few Bluewater sites that we have on file: BLUEWATER URANIUM MINE (DOE) (NND986683290) , BLUEWATER URANIUM MINE (NND983469891) , BLUEWATER URANIUM MINE (SANTA FE) (NND986683316).

Please reach out to the EPA Site Project Manager, Nicole Moutoux (copied), to request an update of the Access Request form.

Best,

Claire
